

Phage Camp Layout

Burning Man 2011

Welcome to the Institute Village at Burning Man 2011! Phage territory is in the southern half of the village (the right side of this map).

When you arrive:

Stop in the loading/unloading zone on A-street, unload your stuff, and then go park your car for the week near 3:30 and G or H street. *Don't leave your car parked in the village. There's no room for cars!*

Grab a spot in the shade tubes (if you have a small tent) or outside in open camping using this layout as a guide.

Head over to the snack shack, check out the info board, and grab a bit of food and water!
